## **President's Message**

It is with great pride that I share the journey of GETIT HOLDING—a vision shaped to bring together our diverse business verticals of e-commerce, retail, and trading under one strong umbrella. From the outset, our purpose has gone beyond commerce; it is about creating value, empowering people, and building sustainable ecosystems that contribute meaningfully to Qatar's progress and beyond.

At GETIT HOLDING, we believe success is not measured solely by financial growth, but by the trust we earn, the innovations we embrace, and the communities we serve. With the dedication of our leadership, valued partners, and committed workforce, we have transformed challenges into opportunities, positioning ourselves as a trusted participant in Qatar's dynamic marketplace.

Looking to the future, we remain firmly aligned with Qatar National Vision 2030, driving diversification, digital transformation, and social responsibility. ## About The Company

**GETIT HOLDING**, registered in Qatar, was formed to unify and strengthen our diverse business verticals under one corporate umbrella. With 100% ownership of Getit E-Commerce (Getit.qa), Getit Mart, and Getit Trading, the Holding provides governance, strategy, and financial strength to ensure sustainable growth, innovation, and alignment with Qatar National Vision 2030.

Our journey began in 2017 with the establishment of **Getit E-Commerce (Getit.qa)**, Qatar's pioneering multi-vendor online marketplace built in line with MoTC guidelines. As the country's largest digital platform, it empowers local and international sellers, providing them with training, workshops, and tools to grow while offering consumers a trusted and convenient shopping destination.

In 2019, we launched **Getit Mart**, the retail and fulfillment arm of the group. It supports e-commerce and retail operations by ensuring efficient order handling, product stocking, and customer service. With a growing portfolio of FMCG brands, Getit Mart bridges the gap between online and offline retail, delivering value to households and businesses across Qatar.

Alongside, **Getit Trading** was established to diversify into industrial trading, FMCG repackaging, and HR services. It plays a vital role in sourcing and distributing industrial products, safety equipment, and FMCG goods, while also providing end-to-end HR solutions.

Today, GETIT HOLDING stands as a comprehensive ecosystem, integrating digital commerce, retail logistics, and industrial trading into one group structure. Guided by strong leadership and an unwavering commitment to innovation, sustainability, and customer satisfaction, we are building a future-ready enterprise with ambitions for global expansion and IPO readiness.
